

Mestre (VE), 17th April 2015

Dear Jaritza,

Thanks for the time you spent with us. It seems like yesterday when you arrived here.

During your lessons we learnt a lot of things, Science and Geography were less boring. It was fun to see our teachers trying to speak English!

Now we know something more about Portorico, and we like it! It's a fantastic island!

During our conversation club we talked about school, but also about our habits and dreams. You are more than a good teacher, you're also a good friend!

Thanks for your help, we feel more confident now.

We hope you liked our school and our country.

Good luck for your future! Goodbye Jaritza!
