

THANKS ADRIANA

Dear Adriana,

you are a fantastic teacher, your lessons were interesting, special and amazing!

You stayed with us almost a month but you weren't a teacher for us; you were like a friend!

You are so nice, funny and sweet!

Thank you also for the conversation club which helped us a lot with the language!

We learnt a lot of new words and to describe images and express opinions.

We are very sad now that you went back to Bosnia but we hope that other lucky students can have you as a teacher !

Thank you for everything

With love
